I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide me the kind of programming that I prefer.

I and my family benefit from listening to XM Satellite Radio and its traffic and weather channels. We live on an extremely remote ranch in SW Texas where we are unable to receive conventional english language radio broadcasts. Satellite radio provides us with variety and quality broadcast that are otherwise unavailable. I pay for these services and the National Association of Broadcasters should not be allowed to dictate what I am permitted to hear.
